◆This Work◆
Samurai Baby
Theory of Happiness

◆Diamond Heart◆
Lovely Complex

When Han confesses his love to Mito, her heart can't stop beating fast. Then, all of a sudden, Han shows up at the door! Mito is very shocked to hear Han say, "I'm Touma's girlfriend," and finds this makes her more upset than she'd thought...

Lots of things have happened along the way, but I've finally completed the last volume of "Samurai Baby." I owe it all to my family, my editor, my friends, and to all you readers. Thank you so much! I'm so full of emotion. Now I'm going to take the opportunity to go back to an earlier idea, and from there I'll take it one step at a time.

Harasano Mito is a smart and cheerful girl who hates to lose. She has become interested in the transfer student Tousei who saved her once.

Tousei is famous in the kendo world. At his middle school, he injured a friend and couldn't even decide to do kendo, but was persuaded to join the kendo club thanks to the influence of its members.

One day Mito met one of Tousei's kendo students, Rina, at his old school when Mito saw the place that Rina and Tousei used to confess her love for Tousei and decided that she would never give up in front of anyone!

Then, Mito's arm got injured. Mito decided to try to persuade Rina to compete in the competition in her class, but Tousei got angry and said they didn't need her. Then Rina suddenly confesses her love for Mito?

WHAT
HAPPENED?

OH,
DEAR.

Next to assist you
 with the *Wishmaker*
 Songs. There you will
 meet, for example, my
 dear sister, Shizune.
 Keep Volume 1! This
 is the last volume of
 "Covers!" The second
 half of this volume
 has some one-shot
 stories I drew after
 my debut. I thought
 these works were
 just out of place
 somewhere, so for
 them to appear here
 felt like fate. I'll be
 happy and grateful
 at the same time.

It's a wonderful
 feeling, I haven't looked
 at these old works
 for a long time, but
 they feel so familiar. Of
 the stories, my heart
 around them. Oh
 dear! The drawings
 are there and still
 feel so fresh. I
 thought "I drew to
 the limit of my ability"
 with my drawings and
 hope for the future.
 Now as they
 come back, they
 feel like "Oh, I used to
 draw like this." Even
 though, I don't draw
 well. I was practicing
 hard, and now into it,
 for very happy about
 everyone who read
 my work from the
 past.

BUT
 TOWARD
 NOT BEING
 YET?

THAT'S THE
GIRL WHO
FOUGHT WITH
YOU BEFORE,
RIGHT, MIOT?

CAN YOU?

HAVE THAT
GIRL IS...

Well, then, how do you do it? Even there are only three directions, guess this time, this will be the last one. He says, and then, just that it looks like about the time of all in this volume. I found people who said the letters also said we couldn't tell that's not. It was the same time. I found, one always, looking to the end of something, and they thought that you go back to the point, who said the letters? There were also people who said we couldn't tell that and Tama and the other, and those were really hard to tell. I just read the letters, and after the letter, it always said, and I really found that the really hard ones were really interesting.

Since in modern reality, there are two types of attacks: attack and defense. Attacks are allowed against only certain areas on the body. The valid targets are: head, torso, arms or "palm area" (the left and right side of the opponent's hand, wrists or wrist or wrist area). The left side when it is in a vertical position (back, chest, head or right) for the moment of attack, the points are evenly spaced for striking the left side of the opponent's head.
